8

already completed a part of the course in another University, approved by the Indian Institute of Architects and wishes to be transferred to the Bangalore University for the remaining part of the course leading to the Final B. Arch Examination. Such candidates may be admitted to semesters other than the I and II semesters on the basis of a tests in Architectural Design followed by inspection of all his/her previous work and an interview by the Selection Board for Architecture Admission, appointed by the Bangalore, University. The newly admitted students may also be required to pass other tests which may be considered necessary by the Chairman, Board of Admissions, even though the student may have passed similar tests in his previous training.

d) Candidates who have passed B.E. Civil may be admitted to the III Semester directly provided they satisfy the conditions of 1 (b) above. They may be granted exemption in the following subjects of III and V semesters.

1 Applied Mechanics, and 2) Surveying and Levelling.

2 *Duration of the Course*:—The course of study shall extend over a period of ten semesters of two semesters in each year. Odd numbered semesters shall be from June 15th to October 15th and even numbered semesters from November 15th to March 15th. There will be a break of one month between odd and even numbered semesters and break of three months between even and odd numbered semesters.

3 *Minimum Attendance*: Each semester of the course shall be considered as a unit for the record of attendance. A student shall be considered to have satisfied the attendance for the semester, if he has attended not less than 75 per cent of the number of working periods in each of the subjects (theory and practical separately) in the course his and her progress and conduct have been satisfactory condonation of shortage of attendance up to 15 per cent may be considered by the University on valid grounds.

4-A *Sessional Requirements*. Sessional marks for each semester include marks for Drawing, practical work, surveying practice, project work. class records, surveys and reports etc. as allotted in the scheme. Candidates must obtained minimum of 50 per cent in each subject for which sessional marks are allotted; students should obtain minimum 50 per cent marks to pass the sessional work.

4—B Failure of any subject/subjects to fulfil requirements 3 and 4 will disqualify a student from taking the semester examination and will be required to repeat the semester and satisfy the sessional attendance requirements when offered.

4—C All students have to maintain a portfolio of all sessional work of all subjects. These must be shown on demand to the Head of the Departments if required.

5 *Examinations*: There shall be an University Examination conducted at the end of each semesters; as shown in the scheme of examinations. No candidate shall be declared to have passed the examination unless he/she obtains the following minimum marks in each semester examination.

40 per cent in each theory or practical paper and 50 per cent in the aggregate inclusive of sessional marks specified in the scheme for each subject taken for the respective examination, provided the candidate satisfies the benefit clause.

6—A (a) *Classification of Successful Candidates*:

The results of the candidates appearing for I to VIII semester examination will be declared as follows:

Ist class with distinction	...	above 70%
I class	...	60% and above but below 70%.
II class	...	40% and above but below 60%

All other candidates shall be declared to have failed in the examination.

The results of I class candidates shall be declared in the order of merit.

(b) The results of successful candidates appearing for IX semester will be announced as 'Pass'.

(c) The classification of results of successful candidates of X Semester Examination shall be based on the aggregate marks obtained in IX and X semesters. The classification of results shall be announced as per 6 (a).

Benefit B:

(a) Candidates of Odd numbers semesters are permitted to continue in the even numbered semesters irrespective of the results of that examination. The failed candidates of the odd numbered semesters shall take up the odd numbered semesters examination along with the even numbered semester examination However, he/she shall not be permitted to go to the next year odd semester, unless he/she complete the odd semester examination of the previous year completely.

(b) Candidates of the even or odd numbered semester examinations, failing to obtain the prescribed minimum marks in not more than two subjects (Theory or Practical) shall be permitted to appear again for the examination in these papers only, and he/she be declared to have passed the examination in a class as provided in (6a) provided he/she satisfied rule 5 in each of these papers at any subsequent appearance. Such candidates shall be permitted to proceed to the next higher semester class and to take the examination in these papers in which he/she had failed.

(c) Candidates of the even numbered semester should complete the subjects for which benefit was given under section 6-B(b) above, before taking up the examination of the next year's even numbered semester examination.

(d) Candidates who have failed to obtain the minimum aggregate by failing in more than two subjects will not be permitted to proceed to next odd numbered semester and will be required to take the whole examination, again at the end of the succeeding two semesters.

(e) In the case of candidates who fail in the examination, they are not required to keep terms.

STUDY TOUR:

1 Project/Study Tour: Architectural students of III, V and VII are to attend the 15 days tour after the odd semester examination (i.e. in October/November each year). The tour programme is to be worked out by the Department Office covering most of the country in the three years of a students study.

III and IV Semesters students have to make a detailed Measured Drawing of an Architecturally important building (by actually measuring the full building and drawing the same to scale) and submit the same

during the next semester for valuation as sessional work. The VIII Semester students will have to write a report on the building complex or subject approved by the Head of the Department of the tour programme and submit it as sessional work.

The Measured Drawing Project to be undertaken during the tour included also site survey and drawing work and equipment of varied nature is to be carried along for such work. Two class IV servants are required on such tour for needed help for these surveys and site work and the T. A. and D A. of two class IV servants in addition to that of the Regular teaching staff as per rules has to be borne by the University.

2 Two visits a year under the subject 'services' are to be attended by V and VI Semester students for a period not exceeding 2 days in which the students have to visit a water purification plant and sewage disposal plant.

3 *Local Visits.*—

At various stages students of all the semesters are to visit buildings in Bangalore of similar to the designing or problems, they are handling in Architectural Design and building construction.

The students will have to meet the tour expenses by themselves but T. A. for accompanying staff has to be borne by the University. Such visits not exceeds more than 8 to 10 hours per semesters. Number of total visits for the Department will depend on the type of problems handled for various classes and subjects.
